2. It is planned to establish 15 additional Funkaemter. No details on this plan are available at present. The Funkaemter are allegedly to be put into operation on a trial basis, but they have not yet been turned over to the government.

3. The management of the Funkaemter consists almost exclusively of technicians. The sizes of the staffs assigned to the offices vary according to the capacity of the transmitter. No leading personnel are known. Existing mobile jamming transmitters are under the jurisdiction of the appropriate local Funkamt. 2/

4. One television transmitter is located in Muergelbergen. It has not yet been put into operation officially.

5. The Deutsche Notenbank has complained to the Werk fuer Fernmeldewesen HF (formerly OSW) because the latter has not been fulfilling its cash balances plan (Bargeldplan). The following are the figures for the HF plant for March 1953:

Production according to plan	6,759,000 DME
Actual production	4,790,000 DME
Relative excess disbursements (taking into account salaries and wages)	343,600 DME

The figures for April 1953 also show a non-fulfillment of the plan:

Production according to plan	6,845,000 DME
Actual production	3,884,000 DME
Relative excess disbursements	638,200 DME

6. The following are the leading personnel at VEB-Funkanlagen, Berlin-Koepenick, Kondenschloss Strasse 154-158: 3

Plant Director - Ing. Hubert Coenen
Technical Director - Zurawka (fnu)
Commercial Director - Kluge (fnu) 4
